AFTER SCHOOL PROGRAM

As stated in the above article KKCC, Inc. continues to touch the lives and minds of our youth in Jersey City and Newark Schools with year round programs through after school programs and Saturday instruction. We are excited about our new home in Booker T. Washington Apartments. The Partnership of Jersey City Housing Authority and Kings Knight gave rise to the "Food 4 Thought Program". This program will provide the youth with programs and workshops in the following areas: Chess, Black History, Etiquette, Film, Creative Writing, Photography, Karate, and Culinary Arts. This program is open to elementary and high school students (Grades 1-12); Monday thru Thursday during the hours of 4:00- 7:00pm.
