"Communication – Cooperation – Collaboration"

Volume 6, Number 11

Greetings Coalition Family!

Occupy Wall Street, another symptom of imposed poverty this government "of the people, by the people and for the people" seeks to ignore or dismiss. We predicted a few years ago that the white middle class, who often criticized the darker people in this culture for not trying hard enough to rise above their circumstance, would soon know the pain of economic oppression, and we would see their reaction. I applaud the action of the Occupy Wall Street movement, and their being intelligent enough to not name leaders, in view of the historical consequence of doing so. We should support our new allies, while continuing to press on with our own efforts.

El Hajj Malik El Shabazz (Malcolm X) was criticized and reprimanded when he made the statement referencing the assassination of John Kennedy, "It's just a case of the chickens coming home to roost.", meaning that the climate of violence against the oppressed population was returning to the instigator. We have witnessed U.S. inspired insurrections, coup d'état's, and revolutions all over the world in the past half century, are these chickens coming home to roost?

***"...You've killed all our leaders,
I don't even have to do nothin' to you
You'll cause your own country to fall"*** – Stevie Wonder
from the song 'Big Brother' on the album 'Talking Book'-1972

"We each hold a piece to the puzzle." – Dr. John Elliott Churchville

Cap4Kids Hint of the Week

Fall is finally here and the temperature outside is dropping. With this is the reminder that PECO and PGW bills will start to rise. Unfortunately, for many families that cannot afford high utility costs as well as putting food on the table, the "heat or eat" decision is looming.

On the www.cap4kids.org/philadelphia website, under Housing and Utilities

(http://www.cap4kids.org/philadelphia/parent_handouts/housing_utilities.html), you will find many resources for families to help lower their monthly bills (Energy Saving Ideas document), how to finance energy efficient home improvements (Keystone HELP), as well as helping with energy assistance (Low Income Utility Information from CLS).

Please check out this important information and help those most in need.

Volunteer with Philabundance Fresh for All
You recycle out the wazoo and consider yourself consigliere of the enviro-sack mafia.

Hence, a cause you can believe in: Philabundance wants to fill those ubiquitous bags with produce through its new Fresh for All programs.

And you can help by volunteering.

The nonprofit hands out perishables at six sites in the Delaware Valley — where nutritious diet staples are hard to come by, especially in tough times.

With a minimum three-hour commitment, you'll keep busy. Help with admin, approve clients, or do community outreach (posting mailings, making phone calls).

Looking for something physical?

Take food to sites, divide apples, and dole out the goods. You'll be doing a major part to help people get the fruits and veggies they need.

And that's a green movement to be proud of.

To participate in Fresh for All, contact Tunisia Garnett (215-339-0900 ext. 238 or tgarnett@philabundance.org).

For more information, go to www.philabundance.org

SpotLight On Our Efforts

The Kingsessing Fifth Division Community of Neighbors

is a community group, with a core group of block captains, who have been actively involved in servicing the needs of the residents in our community. This year our organization will be sponsoring our 2nd annual blanket drive to collect blankets for members of our community.

The name of this project is

“Operation Blank Out the Cold.”

The goal of this effort is to supply at least one blanket to the more than one hundred families that will be in need of such a resource. The belief of K5DCN's is that there are people such as you, your company, churches, agencies, and other organizations that would be interested in participating in such a worthy project. Last year thanks to many such as yourselves we collected 100 blankets. We know that because of the high cost of energy, and the financial crisis that our country continues to experience, our neighbors need our help. Due to health reasons we request that your donations be new blankets. K5DCN also knows that it was supporters like you who help us in September 2011 when we gave away 245 schoolbags full of school supplies.

The dates we will be collecting blankets are Saturday November 16, 2011 through Saturday November 30, 2011. The following place is a drop-off point for your contribution. 1216 South 52nd Street (11am-3pm) Monday thru Saturday. Please call for five blankets or more, we will pick up.

African American Museum seeks volunteers

The African American Museum in Philadelphia collects and preserves art and artifacts and, through exhibitions and programs, interprets the history and stories of African Americans and those of the African Diaspora.

AAMP welcomes volunteers primarily for clerical duties, including updating the website and mailing newsletters. Volunteers for special events are also welcome.

The museum offers one-time and ongoing volunteer opportunities. Generally, volunteers work normal business hours on weekdays or weekends, but special events may take place during the evenings. Although a background check isn't necessary, volunteers will be asked for a resume, as well as undergo an interview.

Asian Americans and Pacific Islanders

To Submit 3-Minute Videos

Highlighting Community's Change Makers

The White House Initiative on Asian Americans and Pacific Islanders has launched an online video challenge, asking participants to submit personal stories about people who have had an impact on the people around them.

The effort, called "What's Your Story" aims to highlight community service by Asian Americans and Pacific Islanders whose dedication to a cause has made a difference in their communities.

Participants are asked to submit a video describing unique experiences that have shaped who they are in less than three minutes.

White House Initiative on Asian Americans and Pacific Islanders director Kiran Ahuja said the video challenge is designed to help understand more about important issues facing the community and to highlight their contributions.

Entries are accepted in any form, including music video, public service announcement, short film, video blog or in an interview format. Essays will also be accepted in the place of video entries. All entries should showcase someone's work around a specific issue facing the AAPI community in under three minutes or with fewer than 1,000 words.

Entries should be submitted online at

<http://www.whitehouse.gov/WhatsYourStory>

by Tuesday, Nov. 1, 2011.

A video describing the Initiative's effort is available at

<http://youtu.be/UiSgHYNd53Q?hd=1>

A select number of entries will be posted on the White House website and a group of exceptional leaders highlighted will be selected to attend a White House briefing this fall and given the opportunity to share their stories in-person.

Comcast unveils new plan to combat digital divide

Comcast has announced that it will begin offering a new service, [Internet Essentials](#), in time for the 2011-12 school year.

This initiative will directly address the major barriers that many in our communities face for in-home broadband adoption: affordability and lack of digital literacy.

In today's world, it is important for everyone to be digitally literate. Broadband adoption is vital for our communities because it helps improve our children's education, our local economy, and the ability for members of our communities to find jobs and benefit from opportunities available online.

Comcast Internet Essentials will provide eligible families with:

- Affordable home Internet service (\$9.95 per month)
- A low-cost computer (\$149.99 plus taxes)
- Access to free internet training – online, in print and in classroom (at established community training sites)

Internet Essentials will be available everywhere that Comcast offers its high-speed Internet service. Students in more than 4,000 school districts in 39 states and the District of Columbia will be able to participate.

Comcast will accept new Internet Essentials participants for at least three years, through the end of the 2013-14 school year. Any household that qualifies during this three-year period will remain eligible for Internet Essentials, provided the household still qualifies for the program, until that child graduates from high school.

Free online journal focuses on technology for nonprofits

Technology can help nonprofits create the change they want to see in the world. But even with daily evidence of world-changing innovations and applications of technology, it's difficult for nonprofit leaders to know how to apply it to their missions.

[NTEN:Change](#), a free online journal from the [Nonprofit Technology Network](#),

provides the guidance and practical considerations nonprofits need to make the sound investments and decisions that will help them meet their goals.

Group offers low-cost web access to nonprofits

Mobile Citizen, a provider of mobile broadband for education and nonprofits, will offer a Technology Assistance Grant program beginning in January to provide non-profit organizations with affordable access to the Internet.

Available only in Portland, Oregon, Las Vegas, and Philadelphia, the grant includes reduced-price service from Mobile Citizen, with unlimited usage for only \$10/month or \$120/year per account. It bundles Mobile Citizen's wireless broadband, powered by WiMAX, a fourth generation (4G) technology from Clearwire Corporation with a variety of benefits available only to grantees, including:

- 12 months of service from Mobile Citizen extended to 15 months at no additional charge. With this, nonprofits receive three free months of service per account.
- Dedicated Mobile Citizen Customer Care customized for non-profit

While making rounds, a doctor points out an X-ray to a group of medical students. "As you can see," she says, "the patient limps because his left fibula and tibia are radically arched. Michael, what would you do in a case like this?" "Well," ponders the student, "I suppose I'd limp too." – (thx. Thomas Ellsworth)

A HAND UP!

"None of us has gotten where we are solely by pulling ourselves up from our own bootstraps. We got here because somebody bent down and helped us." - Thurgood Marshall

America's Original Savings Network

As amazing as it may sound many people do not realize how easy it is to LEGALLY stop paying for their groceries! This is how the one hour television show began for the company whose website is at:

FREQUENTLY ASKED QUESTIONS

Q: Are these manufacturer coupons or coupons that I print on my computer?

A: All of our coupons are actual manufacturer coupons. Fewer and fewer retailers accept coupons that are printed from your computer because of a huge increase in counterfeit coupons. Actual manufacturer coupons which we issue are accepted everywhere that coupons are accepted.

Q: Can these coupons be doubled?

A: Yes. These are manufacturer issued coupons and may be doubled in any store that offers double coupons.

Q: What are the face values and the expiration dates of these coupons?

A: Being manufacturer coupons, the manufacturer determines the face values of the coupons. We currently stock coupons ranging in value from 40 cents to 5.00 dollars. The coupon expiration dates are generally valid for 90 days.

Q: How can I use \$1,000.00 worth of coupons in 90 days?

A: With our program, you get to choose the coupons you want, when you want them. This way you never have to worry about the coupons expiring.

Q: How do I choose the coupons I want?

A: Each coupon book contains coupon request slips which you fill out and send in. Those coupons are then mailed to you.
