### **THE DREAM TEAM**

In the '08 Olympics the u.s. dominated the competition; there always seemed an option to overcome even the strongest of the challengers. The u.s. recruited the very best the NBA had to offer, they took only the cream of the crop. Although some premier players opted to play for the countries of their origin, there were not enough NBA players to bring their respective teams near the level of the u.s. team. The foreign teams pay good money to u.s. players to play for them, and during the Olympics will pay well to those who may not have made the Dream Team, but can prove an ancestral link to that particular nation. That being said, anyone watching the games without foreknowledge, could have assumed that the u.s. was a country located on the continent of Afrika. If memory serves, there were no European players on the roster. There were many Afrikan players in the NBA that did not make the cut. Unfortunately, these players did not have the option of playing for their ancestral country, another glaring byproduct of the Transatlantic holocaust.

As we continue to press onward to be recompensed for the multitude of crimes and atrocities perpetrated against GOD and humanity by the Christian nations of Great Britain, Spain, France, Italy, Portugal, Belgium, Germany, the colonies, and later the u.s., we must be myopic in our labors to uncover all the related criminal activity and the resultant monetary, social, psychological, political, familial, spiritual and physical damages incurred. And any attempt at repentance must express total sincere regret and intent to make whole that, which has been torn asunder, and the criminals do not have the option of determining what is fair and just.

There are almost 150,000 Latinos in Philadelphia with almost 50% having children. This beautifully diverse population of Puerto Ricans, Mexicans, Dominicans and Latin Americans bring so much culture, ingenuity and grace to our city. Many are recent immigrants and like many of our forefathers, can be a little lost in this large ciudad.

On the [www.cap4kids.org/philadelphia](http://www.cap4kids.org/philadelphia) website, under the **Immigration/Refugee** handout (<http://cap4kids.org/philadelphia/parent-handouts/immigration-refugee-services/latino-resources/>) you will find a subcategory of resources for Latino families (as well as a separate subcategory for Asian families).

Please also remember that this and all content on CAP4Kids can be translated into almost any language using the flags at the bottom of each page. Thanks.

## **HEALTH MATTERS**

### **Health Wealth: The Genesis Project 1/7/04**

Consider the heart and what makes it beat.

Life light and love are the joys to meet, and consume

A voice whispered I AM.

When you think about all the important things in life, what comes to mind? Does eating to make oxygenated blood come to mind at all? It should, especially when you consider that clean blood will produce the highest degree of protection from disease. Professor Arnold Ehret attests to removing obstructions in his book “The Mucusless Diet Healing System” (p.28). We are forever confronted with the question of what to eat and when to eat. Something is telling us we can do better than we have ever done. Walking into a store that sells food of any kind, what is the answer to the question, will this food produce clean blood? If the food is fruit, then the question should be, is this fruit free of pesticides or other contaminants, is it organic (how close to the ground did it grow)? How close to where I live was it grown? Should I eat this fruit by itself or in combination with another fruit? Is this fruit compatible with some other fruit that I am considering to eat? Are we thinking that we should eat fruit first or not? When we consider vegetables are we thinking about raw or cooked? Do we steam or fry them. Which way to eat the vegetables is the way to produce the best results? What about grain, rice, barley, millet etc., how should we prepare them to get the results that produce the most powerful blood? How can we manage a wholesome change from negative polarity (material food) to positive polarity (the oxygenated blood)? Should I have toasted bread or plain white, rye or whole wheat? Are there preservatives, yeast or other ingredients that would cause me to alter my decision about how I will consume this food? How about legumes like peas and peanuts, do we ask the question about what is the best way to eat them? Do we eat nuts and seeds with dried fruit? If we do, have we checked the label to determine the freshness, the additives? Do we ask, is this food denatured or will it give me the true power that I'm suppose to get from this food? Are you asking yourself if your choice will send you to an early grave or help you to live to see one hundred and twenty years of age? These are just a few thoughts to consider when it comes to diet and nutrition.

### **2012 HOUSEHOLD HAZARDOUS WASTE COLLECTION PROGRAM**

Set for Saturday, October 20, at  
3033 South 63<sup>rd</sup> Street PHILADELPHIA, PA –

The Streets Department will hold its sixth Household Hazardous Drop-off event of the 2012 season on Saturday, October 20, announced Streets Commissioner Clarena I.W. Tolson. The event will be held at 3033 South 63<sup>rd</sup> Street. Residents may drop off materials between 9 AM and 3 PM.

As an added incentive for those residents who have signed up with Philadelphia Recycling Rewards to earn points for recycling, Recyclebank is sponsoring a new Recycling Rewards Points opportunity for residents that drop off household hazardous waste at any of the City's events. Participants will receive a card with a code to get 100 points.

Household Hazardous Waste can also harm the environment; one gallon of used oil can contaminate one million gallons of freshwater.

The U.S. Environmental Protection Agency (USEPA) estimates that the average household can accumulate up to 100 pounds per year of oil base paint, used oil, solvents, pesticides, car batteries, and other hazardous household wastes.

These materials can be safely disposed of by taking them to a Household Hazardous Waste event.

Checking product labels for these key words can identify household Hazardous Waste:

**TOXIC, FLAMMABLE, CORROSIVE, and REACTIVE.**

As a reminder, latex or water base paint is not hazardous and can be placed in the regular trash if the paint is dried up or solidified with an absorbent material, such as, kitty litter.

## **GRANTS, SCHOLARSHIPS & INSTRUCTION**

### **United Way seeks applicants for Philly Roots Fellowship**

United Way of Greater Philadelphia and Southern New Jersey has released an application to select 15 individuals to participate in the Philly Roots Fellowship.

The Philly Roots Initiative was developed by United Way and its partners in an attempt to systemically, yet creatively, ensure that young African American men graduate from high school and are college and career ready. The program equips formal and informal adult mentors with the tools they need to assist young men in achieving these goals.

Eligible applicants include:

- \* Individuals (coaches, community members, leaders of groups or small grassroots organizations) that have worked with the same group of at least five young black men in grades 6-12, for at least one year

- \* Individuals who can commit to making a strong contribution to this emerging community of practice, and who will make a serious effort to increase the capacity and impact of their mentoring work and the broader Philadelphia community

- \* Individuals who have been and will continue to do the work they've been doing regardless of whether there is funding or not, or whether they are being compensated to do it, and regardless of where they are employed. Individuals need not be employed or affiliated with a 501(c)(3) organization to apply.

Preference will be given to those applicants who can demonstrate that

## **2013 Bill Gates Scholars Program Giving Away 1,000 Scholarships to Minority Students**

Nationwide (BlackNews.com) -- In recognition of Black History Month, Nationwide Insurance is encouraging consumers to get on line to share, build and capture important family history in celebration of the rich heritage and legacy of the African American family. In addition, consumers can visit Pandora.com to build a personalized music library and support the

United Negro College Fund (UNCF).

Every year, the Gates Millennium Scholars (GMS) Program selects 1,000 talented minority students to receive a good-through-graduation scholarship to use at any college or university of their choice. The program provides scholars with personal and professional development through our leadership programs along with academic support throughout their college career.

Administered by the United Negro College Fund, the program was initially funded by a \$1 billion grant from the Bill & Melinda Gates Foundation. Since 1999, it has funded the education of more than 16,000 students, awarding them more than \$614 million dollars to pay for tuition, fees, books and housing.

The program aims to reduce financial barriers for African American,

## COMPUTERS AND TECHNOLOGY

*"If I were asked to give what I consider the single most useful bit of advice for all humanity it would be this: Expect trouble as an inevitable part of life and when it comes, hold your head high, look it squarely in the eye and say, 'I will be bigger than you. You cannot defeat me.'"*

Ann Landers

### **Free online journal focuses on technology for nonprofits**

Technology can help nonprofits create the change they want to see in the world. But even with daily evidence of world-changing innovations and applications of technology, it's difficult for nonprofit leaders to know how to apply it to their missions.

[NTEN:Change](#), a free online journal from the [Nonprofit Technology Network](#), provides the guidance and practical considerations nonprofits need to make the sound investments and decisions that will help them meet their goals.

### **Group offers low-cost web access to nonprofits**

Mobile Citizen, a provider of mobile broadband for education and nonprofits, will offer a Technology Assistance Grant program beginning in January to provide non-profit organizations with affordable access to the Internet.

Available only in Portland, Oregon, Las Vegas, and Philadelphia, the grant includes reduced-price service from Mobile Citizen, with unlimited usage for only \$10/month or \$120/year per account. It bundles Mobile Citizen's wireless broadband, powered by WiMAX, a fourth generation (4G) technology from Clearwire Corporation with a variety of benefits available only to grantees, including:

- 12 months of service from Mobile Citizen extended to 15 months at no additional charge. With this, nonprofits receive three free months of service per account.
- Dedicated Mobile Citizen Customer Care customized for non-profit organizations.
- A free one-year membership to NTEN, a nonprofit technology network, ongoing information and news as well as access to a support community.
- A choice of additional benefits including an educational webinar series.

### FREQUENTLY ASKED QUESTIONS

**Q:** Are these manufacturer coupons or coupons that I print on my computer?

**A:** All of our coupons are actual manufacturer coupons. Fewer and fewer retailers accept coupons that are printed from your computer because of a huge increase in counterfeit coupons. Actual manufacturer coupons which we issue are accepted everywhere that coupons are accepted.

**Q:** Can these coupons be doubled?

**A:** Yes. These are manufacturer issued coupons and may be doubled in any store that offers double coupons.

**Q:** What are the face values and the expiration dates of these coupons?

**A:** Being manufacturer coupons, the manufacturer determines the face values of the coupons. We currently stock coupons ranging in value from 40 cents to 5.00 dollars. The coupon expiration dates are generally valid for 90 days.

**Q:** How can I use \$1,000.00 worth of coupons in 90 days?

**A:** With our program, you get to choose the coupons you want, when you want them. This way you never have to worry about the coupons expiring.

**Q:** How do I choose the coupons I want?

**A:** Each coupon book contains coupon request slips which you fill out and send in. Those coupons are then mailed to you.
